SUBJECT No. 323.

Appointment of Native Pandits at Maggi and Hampapur.

Mr. M. Subba Rao, Heggaddevankote Taluk.

*Summary of discussion.*—Residents of Malali, Maggi and other twenty-five villages in the Heggaddevankote Taluk cannot go either to Heggaddevankote or Saragur to get medicines for the sick owing to the floods in the Kapila river. They are suffering from want of medical aid. If people have to go from Yenthalli to Saragur or Heggaddevankote, they have to travel a distance of twenty-nine or twenty-seven miles. It is therefore prayed that at least a native pandit be appointed at Maggi as well as at Hampapur.

*Reply of Government.*—*Vide* reply to Subject No. 322.

SUBJECT No. 324.

The opening of a dispensary at Melkote.

Mr. M. Varahaswami Iyengar, Sri Yadugiri Sadanandavardhini Sabha, Melkote.

*Summary of discussion.*—Hospitals have been established in almost all the places where there is a population of only one or two thousand. Melkote has according to the last Census a population of 3,000. Besides, there are many villages within a distance of six miles. The hospitals of Nagamangala, Herode and Krishnarajpete are seventeen, fifteen and twelve miles distant, respectively. Here, there is not even a native doctor. People have to undergo great loss and hardship for want of proper medical aid. So we pray Government to take these facts into their kind consideration and establish a hospital from any of the funds available.

*Reply of Government.*—Funds do not at present permit additional dispensaries being established.

SUBJECT No. 325.

Standard school-building for the A.-V School at Heggaddevankote.

Mr. M. Subba Rao, Contractor and Landholder, Heggaddevankote Taluk.

*Summary of discussion.*—The Government school-building at Heggaddevankote kasba is worse than a village school house. It cannot accommodate all the students and is moreover leaky. As the school is in a flourishing state and situated at the taluk head-quarters, it is prayed that a standard Anglo-Vernacular school building may kindly be ordered to be erected at Heggaddevankote.

*Reply of Government.*—Will be considered when funds are available.

SUBJECT No. 326.

Lodging to the Lingayet students in the College Students' Home.

Mr. Linge Gowda, Patel and Landholder, Mysore.

*Summary of discussion.*—It is prayed that Lingayet mofussil students studying for the Matriculation examination in Marimallappa's School at Mysore be given a lodging in the College Students' Home.

*Reply of Government.*—If space is available, and the Principal and the Inspector-General of Education have no objection the request may be considered favorably.

SUBJECT No. 327.

Pandits of the Mysore Sanskrit College to be graded with Professors of English Colleges.

Mr. Gargeswari Srinivasa Rao, T.-Narsipur.

*Summary of discussion.*—We are greatly indebted to Government for the improvement done to the Sanskrit College at Mysore. The pay now given to the learned Pandits of this College being incompatible with their merits and insufficient to maintain them, it is prayed that they may be graded with the Professors of English Colleges.

*Reply of Government.*—This is a question of funds.
